Lesson 12: Estimating Digits in a Quotient

Exit Ticket

1. Estimate the quotient: $1,908 \div 36$.

2. Use the division algorithm and your estimate to find the quotient: $1,908 \div 36$.

3. Use estimation to determine if $8,580 \div 78$ has a quotient in the 10s, 100s, or 1000s.
