## Lesson 16: Even and Odd Numbers

### Exit Ticket

Determine whether each sum or product will be even or odd. Explain your reasoning.

1.  $56,426 + 17,895$

2.  $317,362 \times 129,324$

3.  $10,481 + 4,569$

4.  $32,457 \times 12,781$

5. Show or explain why  $12 + 13 + 14 + 15 + 16$  will result in an even sum.
