## Lesson 14: Ordered Pairs

### Exit Ticket

- On the map below, the fire department and the hospital have one matching coordinate. Determine the proper order of the ordered pairs in the map, and write the correct ordered pairs for the locations of the fire department and hospital. Indicate which of their coordinates are the same.

- On the map above, locate and label the locations of each description below:
  - The local bank has the same first coordinate as the fire department, but its second coordinate is half of the fire department's second coordinate. What ordered pair describes the location of the bank? Locate and label the bank on the map using point *B*.
  - The Village Police Department has the same second coordinate as the bank, but its first coordinate is  $-2$ . What ordered pair describes the location of the Village Police Department? Locate and label the Village Police Department on the map using point *P*.
